- (inside layer) 3" x 4-1/4"

**DSP:** (2) (front & inside layers) 2-1/4" x 5-1/4"

**Scraps:** Basic White

### CARD TUTORIAL

- Cut, score, and fold the Basic White card base.
- Adhere one DSP layer along the right edge of the Basic White front layer. Then, center and adhere to the card front using Stampin' Dimensionals.
- On Basic White scrap, stamp two large flowers, one small flower, and both large leaf images using black ink.
- Color the stamped images using watercolor pencils as pictured.
- In place of water or a blender pen, use Wink of Stella to blend the water-colored images.

**TIP: Before blending the image and when switching colors, test the glitter brush on scrap paper to ensure there is no unwanted, leftover color.**

- After coloring, use the Simply Beautiful Dies to cut out all images except one of the large flowers.
- Adhere the large flower and both leaf images to the lower half of the card front, as pictured, using Stampin' Dimensionals.
- Use scissors to trim off the outer petals of the remaining large flower, as pictured. Then, adhere it over the large flower on the card front for added dimension.
- Select and adhere a sentiment from the ephemera pack to the card front as pictured.
- Adhere the remaining DSP layer to the inside of the card along the right edge, leaving an even border around the top, bottom, and right edges.
- Center and adhere the Basic White layer to the inside of the card.
- Inside the card, adhere the remaining small flower to the bottom right corner as pictured.
- Embellish the card with In Color Flat Pearls.
- For a matching envelope, stamp the small leaves image on the Granny Apple Green layer using Granny Apple Green. Then, adhere to the envelope flap and trim excess cardstock.
